

Members Of EUROCHAMBRES

Since October 2006 EUROCHAMBRES counts 46 members (45 national organisations of Chambers of Commerce and Industry and 1 transnational Chamber organisation). This European network comprises 2000 regional and local Chambers with over 19 million member enterprises. More than 90% of these enterprises are small and medium sized enterprises. The Chambers' members employ over 120 million employees throughout the European continent.

EUROCHAMBRES itself is divided into the departments European Union Affairs, Corporate Affairs, International Affairs, Press, Legal Affairs and Administration/ Accounting, employing around 30 permanent staff members. A part of our operational costs are covered by our membership fees, but around 40% are financed through projects and grants obtained from the European Institutions.
